

# Double Loop Ties

## Description

Double Loop Ties are an alternative form of wiring together reinforcement using a tying tool. The double loop tie is folded around the reinforcement intersection; the hook of the tying tool is then placed through the loop, pulled with a twisting action, giving a secure tie.

## Packaging & Sizing

Product Code	Length (mm)	Pack Size
DLT100	100	1000/5000
DLT125	125	1000/5000
DLT150	150	1000/5000
DLT200	200	1000/5000
DLT250	250	1000/5000
DLT300	300	1000/5000

Also available in stainless steel

## Technical

Diameter	Colour	Finish	Packaging
17G, 1.42mm +/- 0.02	Black	Slightly Oiled	Rolls Tied / Outer Hessian
