

Solco Soltape

Description:

Soltape is a premium quality waterproof pressure adhesive PVC tape. Soltape provides a bonded seal for lap jointing of plastic sheeting such as DPM's, DPC's and provides excellent resistance to moisture and air.

Soltape retains flexibility at low temperatures and is also suitable for use at considerably higher ambient temperatures than conventional waterproof tapes. Soltape has a matt finish and is supplied in widths of 50mm, 75mm & 100mm x 33mt.

Soltape is thinner so not to mark concrete. Soltape is suitable for use with all types of release agents

Features:

- Good resistance to abrasion, corrosion and moisture
- Conforms to BS3924
- Conforms to EN60454
- UL510 certificated

Technical Data:

Description	Units	Value	Test Method
Total thickness	mm	0.13±0.005	GB7125-1999
Adhesive	-	Rubber	No residue
Elongation at break	%	≥180	GB7753-1987
Tensile strength	N/cm	≥22	GB7753-1987
Voltage breakdown	KV	7.5	-
Flammability	-	PASSED	UL510

Compliance :

Declaration of Conformity - BS3924, EN60454-3-1:1998 IEC62321:2008 , UL510
REACH SVHC Status – NO SHVC present according to candidates list of 16th Jan 2020
RoHS Compliance Status – Yes

Storage:

Keep rolls stored in a cool dry place.
 Shelf life of 24 months in ambient conditions.

Roll Sizes

- 50mm x 33m
- 75mm x 33m
- 100mm x 33m
