

Bolt Cracker

Bolt Cracker

The Bolt Cracker is an innovative invention designed to maximize holding down bolt movement. It provides a simple, easy to install, safe and cost effective solution to a very common problem within the construction process.

Product Code	Bolt Dia. (mm)	Pack Size (no)	Pallet Size (no)
BC20	20	100	12500
BC24	24	100	10000

- * Guaranteed full movement inside the cone.
- * No damage to bolt head or thread during stripping stage.
- * No induced stress or failure to bolts.
- * Better quality, reduces time, increase productivity.
- * Easy to insert steel frame.
- * Eliminates manual handling risks, noise, vibration and chemical contact contained within other options.

Guaranteed movement of bolts.

No need to strike the stanchion.

No COSHH assessments required.

Eliminates the need of steel wedges.
